A TNLS QUICK REFERENCE CARD IS AVAILABLE

This RFC announces a new TNLS Quick Reference Card. It documents all of the basic commands required for everyday TNLS usage as well as some special purpose features. It includes TIP settings for connecting to SRI-ARC, basic TENEX/EXECUTIVE commands, and a complete of set of VIEWSPECS codes for TNLS usage.

One copy of this card will be sent to your station agent. If you would like to obtain copies for users at your site, please contact Marcia Keeney (MLK) at SRI-ARC indicating the number of copies you require.
