NIC # 5768

Network Working Group Request for Comments: #104 J. Postel C. Crocker UCLA Computer Science 25 February 71

Link 191

At the Network meeting at the University of Illinois, it was agreed to reserve a link for use in measurements. The link chosen was the highest unassigned link which was incorrectly calculated to be number 223. The correct number is 191. Therefore, Link 191 will be assigned for measurement use. Use of this link should be cleared with the Liasion Officer at the Network Measurement Center (NMC).
